Conrad Brian Law : Career Success Strategies: 10 Steps to Jump Start Your Career before purchasing it in order to gauge whether or not it would be worth my time, and all praised Career Success Strategies: 10 Steps to Jump Start Your Career:

I wrote this workbook on Career Success Strategies for four reasons. My primary objective is to share what I have learned. The second is my realization that the process of career advancement has changed drastically, but many of us haven't noticed the change and all will benefit from an updated definition. Thirdly, I am uniquely qualified to be your

guide in this endeavor because I have lived, experienced, and thrived as a result of creating strategies to advance my career. Lastly, I hope to inspire those that feel they have no direct access to the American Dream. I hope this guide will provide information to demonstrate and facilitate what each of us is capable of. (Conrad Brian Law)
