Ellen Shenk : Careers with Animals: Exploring Occupations Involving Dogs, Horses, Cats, Birds, Wildlife, and Exotics before purchasing it in order to gauge whether or not it would be worth my time, and all praised Careers with Animals: Exploring Occupations Involving Dogs, Horses, Cats, Birds, Wildlife, and Exotics:

6 of 7 people found the following review helpful. If You Can Talk to the Animals ...By Nancy H. BrooksEllen Shenk, author of Outdoor Careers, follows up with Careers With Animals, and it is every bit as accessible and readable. All

the lists and specific information you will need for planning and executing your search are here--sources, possibilities, definitions, salary ranges. But aside from the practical, the author shines her best light: she makes you think about intangibles--your suitability, your personality, the realities you might encounter with your choice, and the like. As with *Outdoor Careers*, she includes interviews with "real people" who give their first-person accounts of their everyday vocational experiences. 20 of 21 people found the following review helpful. Career options range from breeding and treating animals to being a show judge or working for a zoo or aquarium. By Midwest Book Review. Readers who are animal lovers and who dream of working with animals often stop at the idea of being a vet: in actuality, there's so much more available, as *Careers With Animals: Exploring Occupations Involving Dogs, Horses, Cats, Birds, Wildlife And Exotics* demonstrates. Career options range from breeding and treating animals to being a show judge or working for a zoo or aquarium. An organization by animal type - marine, horses, birds, wild animals - makes it easy to hone in more specifically to careers with particular types of animals. Very highly recommended. 5 of 5 people found the following review helpful. Not Bad... By Discordia5. The book was a little brief, meaning that it did not really include a lot of careers. Most of them were the more obvious, highly sought after jobs. On the other hand, the information included was extremely well organized and helpful. I would recommend renting this from the library rather than buying it.

A wide-ranging guide to jobs that involve animals. Provides current information on salaries, educational requirements, and job outlook, along with job information resources. Includes in-depth profiles of individuals who work with animals every day.

About the Author Ellen Shenk's experience in the career field includes writing articles and presenting seminars on the topics of the creative job search, interviewing, and writing resumes. She is a past editor of the national newsletter of the Career Information Resource Advisory Group and currently lives in Ottawa, Canada.
