Hans Jonasson : CBAPreg; Certification and BABOKreg; Study Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised CBAPreg; Certification and BABOKreg; Study Guide:

3 of 3 people found the following review helpful. Sort of feel scammedBy Todd VanmeterBook is outdated, except for the sample test questions. It looks like the sample CBAP questions included were updated to reflect newer certification content, but the actual information in the book wasn't. The correct answer often times was never even mentioned in the book. Wish I get could a refund.

The book covers all knowledge areas from the BABOKreg;, Third Edition, and is designed to be a study guide for the

CBAPreg; certification from IIBATrade;. It includes over 300 sample questions. It is also usable for those seeking the PMI-PBAreg; certification. This book is a complete business analysis handbook combining the latest standards from the BABOKreg; case study examples and exercises with solutions. It has usable tools and techniques, as well as templates ready to be used to develop solid requirements to be the cornerstone for any successful product development.

About the AuthorHans Jonasson, CBAP, PMP, founder of JTC Unlimited, has more than 30 years of experience in the areas of project management, business analysis, and professional development training. He started his career with Volvo LTD in Gothenburg, Sweden, in 1980 as a systems analyst/programmer. In 1984 he moved to the United States to work on new development projects for EDS and General Motors. He has managed all aspects of software development projects for the automotive industry, with budgets that have ranged from \$100,000 to \$10 million. Hans is now based in Gothenburg, Sweden. He has taught introductory and advanced-level courses on project management, requirements gathering, CMMIreg;, and process development, to more than 10,000 professionals at companies that include IBM, EDS, Ford Motors, DaimlerChrysler, General Dynamics, Citibank, and Volvo. Since 1996, he has been a Project Management Professional (PMPreg;) and member of the Project Management Institute (PMIreg;), as well as a frequent presenter at PMI events in North America and Europe for the last ten years. He is a member of the Swedish Chapter of PMI and the International Institute of Business Analysis (IIBATrade;).
