4 of 4 people found the following review helpful. I HIGHLY RECOMMEND THIS BOOK FOR THOSE WHO

WANT TO CHANGE THEIR LIVES FOR THE BETTER!!!!!! LIFE CHANGING!!!!!!By Anton C.Thank you so much, i can explain how happy i am to be blessed to have this book! I finish my first read and i am going to read it over and over again until i absorb all the learnings and teachings. Now i'm not going to allow any drama, negativitiy in my life even though problems and disappointment are very natural in human being, i will think ahead! and create a solutions in any obstacles and setbacks! Thank you so much brian. I learned a lot from you.. I am taking my first step and moving forward to my GOALS! 2016 is the great year for me.36 of 36 people found the following review helpful. This book is terrific! It really can help you change your life.By James G. SalmonsThis is one of Brian Tracy's best books, if not the best, and should be included in anyone's library if they are interested in the subject of personal achievement. For those new to the field who need to know the basics it is possibly the best introduction you could get. For those who are well informed it does contain important information not found elsewhere.It is hard to believe some critics of this book have actually read it. Check it out for yourself. I am an avid reader of Brian Tracy and have led seminars myself on many of the subjects he presents. This is clearly one of his best. Here are some facts:While this book does repeat many of the ideas you will find in his other books, there is excellent new material as well, and in many cases he adds to previous concepts--sometimes short but exciting ideas that offer a potential to help people make dramatic improvements in their lives.One feature of this book that is not as common in his other works is the reference to numerous studies by universities and other research groups that demonstrate the validity of the concepts presented. It is helpful to know the basis and validity of these ideas.The chief value of this book when compared to Brian's other books, or to other books in the field, is that it focuses on the key concept for all thinking about successful living and personal achievement--how you think determines everything. Other works focus on goal setting, time management, and other topics in a somewhat isolated way. This work discusses these but in the context of a person's attitude toward them as the key to success. This is a subtle but important concept.It is unfortunate that some people who have read widely in the field have downgraded this book by giving it a low rating simply because they already know much of the material. On this basis the very best first grade reader would receive one star by a fifth grader because he/she already knew all the words. This is an outstanding book and deserves five stars on the basis of what it is, not put down because somewhere in over thirty volumes written by the author he may have touched on most of the topics found here. (But remember, there is enough new material to make it worth buying even if you have many of his other works.)Get it. Read it. It will change your life.Dr. James G. Salmons3 of 3 people found the following review helpful. Excellent book. Literally have seen it change people's livesBy MoisesI highly recommend this book. I have given a lot of copies away. The only thing I didn't like was how he twisted scripture saying that you should love money. I understand his point clearly, I just wish he would have worded it differently so people don't get turned off.

CHANGE YOUR THINKING CHANGE YOUR LIFE "Every line in this book is bursting with truth, wisdom, and power. Brian Tracy is the preeminent authority on showing you how to dramatically improve your life. Let him be your guide. I've learned so much from Brian myself that I can't thank him enough!" mdash;Robert G. Allen, #1 New York Times bestselling author "This book gives you a step-by-step system to transform your thinking about yourself and your potential, enabling you to achieve greater success in every area of your life." mdash;Lee Iacocca, Chairman, Lee Iacocca Associates "Once again, Brian Tracy has written an incredible book which shows individuals how to delve into their inner resources so that they can not only identify realistic goals but develop a plan on how to achieve these goals. This book promises to be a bestseller and to influence the lives of so many. It is must reading." mdash;Sally Pipes, President, Pacific Research Institute "Outstanding! Brian Tracy's Change Your Thinking, Change Your Life is a must-read. Use the powerful 'mental software' program in this book to tap your vast inner resources and bring the life you've been dreaming about into reality." mdash;Ken Blanchard, coauthor of The One Minute Manager and Full Steam Ahead! "As usual, Brian Tracy has hit another home run with Change Your Thinking, Change Your Life. It's a must-read!" mdash;Mac Anderson, founder, Successories, Inc. "Brian's new book, Change Your Thinking, Change Your Life, will show you how to attract the people and resources you need to achieve any goal you set for yourself." mdash;Tony Jeary, Mr. Presentation, author of Life Is a Series of Presentations "This is a masterful book laden with wisdom and knowledge. It'll catapult you from intention to implementation. It arms you with the information and insights you need to achieve success and significance in your life." mdash;Nido R. Qubein, founder, National Speakers Association Foundation Chairman, Great Harvest Bread Company
