From Routledge : China's Role in Global Economic Recovery (Routledge Studies on the Chinese Economy) before purchasing it in order to gage whether or not it would be worth my time, and all praised China's Role in Global Economic Recovery (Routledge Studies on the Chinese Economy):

This book presents a wide-ranging assessment of the current state of China's economy in relation to the global

international economy. It discusses the role China has played in responding to the economic crisis; assesses the continuing strong prospects for further economic growth in China; and examines China's deepening integration into the world economy. Specific topics covered include China's foreign reserves and global economic recovery; the international expansion of Chinese multinationals and China's private businesses; and the role of technological innovation in China's economic growth. Overall, the book provides a wealth of detail and up-to-date insights concerning China's development path, growth potential, sustainability and impact.
