Yanqing Jiang : China: Trade, Foreign Direct Investment, and Development Strategies (Chandos Asian Studies Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised China: Trade, Foreign Direct Investment, and Development Strategies (Chandos Asian Studies Series):

Trade and foreign direct investment (FDI) play a crucial role in shaping China's development strategies. The

development of China's economy creates strong pressures for continuous restructuring. China therefore explores how trade and FDI affect China's development strategies regarding the process and pattern of restructuring. The book aims to provide the reader with findings that shed new light on the related issues and problems. The first chapter introduces the topics, and subsequent chapters enter into theoretical discussion and empirical analysis of trade, FDI, and development strategies, followed by a concluding final chapter. Based on a rigorous theoretical framework Applies various statistical and econometric methods Uses rich and comprehensive data

About the Author Yanqing Jiang is associate professor at Shanghai International Studies University, in Shanghai, China. His recent research is mainly on China's opening up, growth and development. He started his research in this area in 2004 when he was affiliated to the Hanken School of Economics and the Helsinki Centre of Economic Research as a doctoral researcher in Helsinki, Finland. He has published many articles on China in various refereed journals.
