From Springer : Demographic Change in Germany: The Economic and Fiscal Consequences before purchasing it in order to gage whether or not it would be worth my time, and all praised Demographic Change in Germany: The Economic and Fiscal Consequences:

This book provides an up-to-date summary of the consequences of demographic aging for labor markets, financial markets, economic growth, social security schemes and public finances in Germany, essentially reflecting the present state of knowledge in any of these areas. All contributions are written by leading experts in their fields and are based on results that emerge at the forefront of current research.
