Harvard Business Review, Harvard Business Review : Developing a Business Case (Pocket Mentor) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Developing a Business Case (Pocket Mentor):

0 of 0 people found the following review helpful. Business case developmentBy Octavio ColmenaresExcellent and simple book on how to see, read, understand, developed, write and create a professional business case. Any professional manager, executive and MBA student should have it.A major drawback is that it does not touch the ethic aspect of management when developing the business cases.1 of 1 people found the following review helpful. Exactly what I neededBy Tina LantisIt seems like everyone has their own understanding of what a business case is and what it ought to accomplish, yet so many fail to demonstrate clear process and methodology. This pocket mentor is logical, practical, and comprehensive - ensuring your business case reflects the same qualities! I love the tools in the back and

I now have my own checklist that I go through to ensure a solid process every time. 0 of 0 people found the following review helpful. Business Case Pocket Mentor By Kindle Customer This pocket mentor covered the basics and key points. As a template and starting point it is successful. Would use for a high school business class.

How do you decide on the best course of action for your company to take advantage of new opportunities? By building a business case. This book provides a framework for building a business case. You'll learn how to: Clearly define the opportunity you'll want to address in your business case Identify and analyze a range of alternatives Recommend one option and assess its risks Create a high-level implementation plan for your proposed alternative Communicate your case to key stakeholders
