But it will still be useful when I actually have time to read the real book. When it arrived the top cover was slightly bent which I'm sure is due to the long journey the book had to endure. It's not bad, just something I noticed. Overall, the product is very nicely made, durable, and will help me with my studies.0 of 0 people found the following review helpful. Excellent book for evaluating the leader withinBy RachelleLike most of John Maxwell's books, I enjoy his style of writing and how his material opens your eyes to new ideas (or re-freshens concepts I once new but forgot).

In the Developing the Leader Within You Workbook, John Maxwell examines the differences between leadership

styles, outlines specific ways each reader can apply principles for inspiring, motivating, and influencing others. These principles can be used in any organization to foster integrity and self-discipline and bring a positive change. Developing the Leader Within You Workbook also allows readers to discover how to be effective in the highest calling of leadership by understanding the five characteristics that set "leader managers" apart from "run-of-the-mill managers." In this companion to the bestseller, John Maxwell shows readers how to develop the vision, value, influence, and motivation required of successful leaders.
