R. Paul Stevens : Doing God's Business: Meaning and Motivation for the Marketplace before purchasing it in order to gage whether or not it would be worth my time, and all praised Doing God's Business: Meaning and Motivation for the Marketplace:

0 of 0 people found the following review helpful. Excellent readBy CustomerThis book is quite profound in highlighting what it means to do God's business at work. I especially liked the way Mr. Stevens expounded on the aspect of vocational holiness highlighting that there is no need to split between secular work or sacred work, where there is a double life of God on Sundays and work on Monday. The case studies at the end of the chapters where also good in helping to enhance an understanding of how we should strike the balance when doing our work to the best of

our ability. 0 of 0 people found the following review helpful. Five Stars
By Elisabeth
Timely and with very useful suggestions for practical application
0 of 0 people found the following review helpful. Helpful book
By Jim
The book has many helpful points in developing a healthy theology of work. It is an easy read and gives lots of good illustrations of the points being made.

"Christians have likely been struggling with the place of business in the life of faith ever since Paul's days as a tentmaker. Just how do the spheres of private devotion and public business intersect in a meaningful way? Paul Stevens has been exploring this question since his earliest working days in his father's steel business. His *Doing God's Business* tells how readers can find lasting and satisfying meaning for marketplace involvement in the light of the Christian faith and tradition. Stevens explores the potential of business as a location for practicing everyday spiritual disciplines and as a source of creativity and deeper relationship with God. "

"Why wasn't this book available when I started out as a young businessman fifty years ago? It would have given me a much needed theology of the workplace at a time when the notion of having a 'calling' to the workplace was considered a heresy!" - William E Diehl, author of *Thank God Its Monday*
