It has a lot of good things to think about as you head into retirement or are trying to "succeed" at retirement. Worth a look.3 of 3 people found the following review helpful. UnderwhelmedBy AOL JackSome useful information but you have to read a whole lot of repeats and fluff before you get to it. Simple premise. The whole book could have been about 30 pages long. If it had been I would have given it a higher rating.1 of 1 people found the following review helpful. Two StarsBy zrobsterUseless

Read Jeri Sedlar and Rick Miners' posts on the Penguin Blog. 80% plan to work after retirement, here's the guide you need. A recent AARP survey found that 80% of baby boomers plan to continue working in some form past the age of 65 - either for the money or for the fun of it. Today's retirees are looking for work situations that are mentally and emotionally rewarding. The problem is that many are not sure how to find them. This new edition helps you define what kind of work is best suited for your passions and interests, and guides them through the process of obtaining such work - whether it's a part-time job, volunteer work, or a second career. - Combines practical advice with stories and lessons of real-life retirees - Covers hot-button topics that have become closely intertwined with the idea of rewiring: non-work activities, financial planning, workplace flexibility, work and family balance, and the nurturing of professional and personal relationships.

About the Author Jeri Sedlar and Rick Miners, husband and wife, founded an executive search and transition guidance firm in 1994, the same year they co-authored their first book, *On Target*. They are acknowledged experts in dealing effectively with work transitions and life planning for public and private organizations and individuals. Jeri is senior advisor to the conference board on the Mature Workforce. Rick is the co-founder of FlexCorp Systems, which in 2005 was named by *INC.* magazine as one of the Fastest Growing Privately Held Companies in America.
