Harry G. Broadman : From Disintegration to Reintegration (Europe and Central Asia Reports) before purchasing it in order to gauge whether or not it would be worth my time, and all praised From Disintegration to Reintegration (Europe and Central Asia Reports):

As the world marketplace becomes ever more globalized, much is at stake for the prosperity of hundreds of millions of people in Europe and Central Asia as the region's transition process continues through its second decade. Understanding the underlying dynamics shaping the contours and most salient impacts of international integration that

have emerged—and likely to emerge prospectively—in the region is thus a crucial challenge for the medium term economic development agenda, not only for policymakers in the countries on themselves, but also for their trading partners, the international financial institutions, the donor community and the future of the world trading system as a whole. This book addresses this challenge.
