By Ammar Tajeddin  
Helps to to know how to behave at work  
14 of 14 people found the following review helpful. It's pretty good  
By Marty Miller  
Don't buy this book. Instead, buy a cup of coffee at the bookstore and take 20 minutes out to read it at the bookstore.  
The other reviewers who bad mouthed this book are right. It is all common sense. But most self help is common sense. However, sometimes it helps to be reminded of what we should be doing to get further along in our careers. I believe that if you followed his advice completely, you would get promoted and paid more, but you wouldn't make small talk at work, you wouldn't have social life outside of work, you wouldn't listen to music in your car (only audio-books), and you'd probably be a really boring and serious person.  
But if you take half of his advice (like reading for an hour each day about something in your field) you'd come out a better person. All for the price of a cup of coffee.  
But it's written well.

By Rolf Dobelli  
Brian Tracy seems to have the answer for everything, including how to get that raise and promotion. Actually, his point is that you have the answer to everything, if only you can achieve clarity - knowing exactly what you want and how to get there - while disciplining yourself to work toward your objective. Can it really be that easy? Well one thing's for sure, reading this book will make it a lot easier. This volume offers 21 short chapters of clearly presented, easy to absorb (if not always strictly grammatical) material. We from getAbstract recommend it to anyone in any field who aspires to be promoted. After all, would you turn down more money? We didn't think so.

Bestselling author Brian Tracy reveals how, no matter what your current job, you can apply the secrets and strategies used by the highest paid people in our society to make yourself more valuable, maximize your strengths, and become virtually indispensable to your company.  
Get Paid More and Promoted Faster is not a book on office politics. It doesn't offer short cuts and work-arounds. It will help you develop the discipline and determination you need to get more done, earn the respect of co-workers and bosses, and move upward to greater and greater levels of success. It teaches the methods and behaviors that every manager wishes every employee to know. This book can serve not only as a guide to individual advancement but as the content of a career development plan for everyone in an organization.  
The easy-to-apply ideas and techniques in Get Paid More and Promoted Faster will help you move rapidly up the career ladder and achieve more than you ever thought possible. Not only will you make more money, but you will also experience greater personal satisfaction and fulfillment, and make your life and career into something truly extraordinary.

About the Author  
BRIAN TRACY is one of the top professional speakers and trainers in the world today. He addresses more than 250,000 men and women each year on the subjects of leadership, strategy, sales, and personal and business success.  
From AudioFile  
If, like most people, you do most of your life's work in an organization, here's a super guide to getting more done and being recognized for it. Like all the author's programs, the ideas are so fundamental and rich in meaning that the listener never tires of hearing them. They are at once wise, practical, and inspirational, and it's easy to see why Tracy's audios are perennial bestsellers. The effectiveness of his programs is virtually unparalleled in terms of organization, hard-hitting conciseness, and the hope and optimism of his narration. Though the program is only an hour long, you'll want to hear it on a regular basis for years to come. T.W. copy; AudioFile 2002, Portland, Maine--
