**Alvin D. Hall : Getting Started in Stocks (Getting Started In.....)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Getting Started in Stocks (Getting Started In.....):

0 of 0 people found the following review helpful. in an easy to readBy DarrenFor anyone just getting started in investing, this book takes a lot of the mystery out of stocks, bonds, mutual funds, etc, in an easy to read, systematic approach.1 of 1 people found the following review helpful. Kindle version-errors on nearly every pageBy ScottOn nearly every page this book has words with letters missing, misspelled words, distorted letters.I read about 5 pages before I gave up on it. The constant errors make it too hard to read for me.Wait to buy this until they update the Kindle edition or buy the print version,0 of 0 people found the following review helpful. the best I knowBy Carlos Vazquez

Quintana This book is superb and very well balanced between his limits. And this is so because although being based in Wall Street and other USA stock markets, is fully understandable in Spain and I suppose everywhere, a quality another good books lack as these many from the UK, with his excessive focalization in the City and must of all, the doubtable Sterling Pound, a mental barrier. Of course, nobody can avoid some themes are more difficult than others, but simply these are so: work, study and life. This book explains better than any other I know including some in Spanish.

Now completely revised and expanded! THE bestselling guide to Getting Started in Stocks Thinking of getting your feet wet in the stock market, but don't know where to begin? Perhaps you've already taken the plunge but would like to know more about the stock and mutual fund investments you've made? Tens of thousands of investors already know the place to start is this best-selling guide by Alvin D. Hall, whose dynamic style of teaching investment professionals has earned him the moniker, the "Professor of Wall Street." Packed with new material on mutual funds, dozens of new real-life examples, and up-to-the-minute information, this thoroughly updated edition will help you: \* Set clear financial goals \* Determine the level of risk you can afford to take \* Evaluate stocks and securities for risks and rewards \* Track market trends for solid, informed choices \* Use mutual funds to diversify and cut risk \* Determine the right proportion of stocks for your portfolio \* Fully exploit international market opportunities
