Make Money in Stocks Getting Started: A Guide to Putting CAN SLIM Concepts into Action:

5 of 5 people found the following review helpful. CANSLIM Trading System book By Ken Fried This is the CANSLIM investing system by O'Neil owner of investors.com or Investors Business Daily (IBD). I subscribe to IBD and the CANSLIM trading system and find these books compliment their home study courses. The only reason I am giving this 4 stars is that because it comes of as an advertisement for the CANSLIM system and you have to subscribe to investors.com and some of their extra products to take full advantage of the system. 4 of 4 people found the following review helpful. I have been practicing the CANSLIM method and I currently ... By Rich Garling I have been practicing the CANSLIM method and I currently run a local meetup group where we learn to apply the methods Mr. Galgani discusses in his book. I used the CANSLIM many years ago for the first time quite successfully, but I didn't have the stomach for the investing in the stock market. Last year I got back into it with a fair amount of success to date. This book has helped me to understand what to look for and how to look for it. With each passing week I am improving my skills. Galgani has shown me how to read the charts so that I can invest in companies I have targeted through research so that I buy at the right time and I sell at the right time. It can be done, you just have to do your homework. Galgani shows you the way. 8 of 8 people found the following review helpful. Great if you are Lost in the detail of CAN SLIM By Customer I wish I had Matthew's book to read before getting a bit daunted by the detail of the CAN-SLIM technique as taught by the master O'Neil. Great guide and very useful checklist to go through. If you were ever struggling in coming up with a trading routine that translate to discipline in the application of a trading plan, you must get this. Then go to IBD and the master's books for clarification and detail if you are time rich.

The #1 GROWTH STRATEGY for stock investing "To be a successful investor, start with the basics and stick to the rules. Matt's book shows you how to do that. It may be the missing link you've been looking for." — William J. O'Neil, Investor's Business Daily Founder and Chairman "Getting Started takes the guesswork out of investing.
