**Andrew Hecht : How to Make Money with Commodities (Personal Finance Investment)** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Make Money with Commodities (Personal Finance Investment):

4 of 4 people found the following review helpful. Comprehensive!By LOSHaving come from a commodity futures

background, I bought this book because of the reputation as a great trader that Andy Hecht had. In this book he gives a true insight into how people should view commodities when considering many different trading avenues. The book is peppered with many real life stories that the author experienced in his career. These stories help to give a deeper understanding about how commodities pricing affects companies and economies. The book is defined by chapters that work as great lessons to digest. Written in terms that make it easier for the average person to enjoy, I recommend it for every investor. 0 of 0 people found the following review helpful. A Great Guide By Lee McVey A concise and practical guide that doesn't overwhelm the reader with technical jargon. The author offers many examples to aid in understanding the meaning of otherwise complicated terminology. After reading it, I understand why today's prices aren't necessarily the same as next month's or those further out in time. Very, very useful. 0 of 0 people found the following review helpful. Very interesting broad overview. Light on investment theory, but good on commodity history and description. By Matthew Tollin Good primer to get very broad handle on all commodity markets. You also get a little bit of technical and fundamental understanding. I was hoping for some more specific investment insights. But good book!

Generate steady returns in one of the world's hottest markets How to Make Money with Commodities offers proven strategies and tactics to help individual investors capitalize from the commodities market as global demographic shifts drive prices up. "How to Make Money with Commodities sets out in crystal-clear language how the commodity markets affect you every day, and in every way, and why your understanding of the market is essential to your portfolio. An incredibly valuable resource for investors of all levels!" -- Ed Weis, Dean, School of Business at Mercy College; former Managing Director, Merrill Lynch "This book gives fascinating insight into the high-octane world of commodities trading. It unravels the mysteries of the market, layer by layer." -- Ian McConnell, Business Editor, The Herald (UK) and award-winning journalist "Andrew Hecht has taken the world of commodities and presented a compelling picture of the various markets from past to present to future. The comprehensive nature of the book makes it a must-read for anyone who is or hopes to be a trader or analyst. . . . Andy's writing is engaging, and he has written a book for everyone, as we are all commodities consumers and intimately affected by these markets." -- Josef Schroeter, President, CQG Inc. Given demographic trends around the globe and the increasing demand for staple goods, the commodities market has transformed into one of the hottest new mainstream investment sectors. If your portfolio neglects commodities, now is the time to change it. How to Make Money with Commodities gives you a fully rounded understanding of the market so you can make the very best investment decisions based on your individual strategies and goals. One of the most sought-after commodities and commodity options traders and analysts in the world, Andrew T. Hecht explains how commodities relate to stocks, bonds, and foreign exchange, and how they affect the average person's world every day. Bolstered by case studies, historical trends and examples, and Hecht's personal experience, How to Make Money with Commodities explores the fundamentals and technicalities that determine commodity prices and shows how you can use that knowledge to your advantage. Learn everything there is to know about all the major commodities markets, including: ENERGY--oil and oil products, natural gas, electricity, coal, alternative energy PRECIOUS METALS--gold, silver, platinum, palladium, and others BASE METALS--copper, aluminum, nickel, lead, zinc, tin AGRICULTURE--corn, wheat, soybeans, rice, cattle, hogs SOFT COMMODITIES--coffee, sugar, cocoa, orange juice, cotton OTHER COMMODITIES--steel, fertilizers, rare earth metals, lumber, emission allowances, and more Hecht explains the ins and outs of every market and provides an expert's insight into government regulations, speculators, traders, and the role China will play in shaping the market's future--and he explains how to invest directly in commodity-related instruments such as physical commodities, futures contracts, and options on futures contracts. How to Make Money with Commodities is the perfect one-stop resource for building a solid financial future on a market that promises to remain active and vibrant for the foreseeable future. Get started with commodities today and watch your profitability soar.

From the Author How to Make Money with Commodities is a reference guide for all investors. The price of commodities has a direct impact on all investments in your portfolio. Stock prices, fixed income instruments and even real estate are directly affected by the price of raw materials. Commodities are raw materials and their prices and availability directly affects the cost of goods sold for all businesses and by extension the ultimate value of the holdings in your nest egg. I have traded commodities for three decades and my book will share with readers the important variables that I have discovered when it comes to my personal investment activity. How to Make Money with Commodities will make you a better and more effective investor and keep you one step ahead of other investors! About the Author ANDREW T. HECHT spent nearly 35 years on Wall Street, including two decades at the trading desk of Phillipp Brothers, which became Salomon Brothers and ultimately part of Citigroup. Over the past three decades, he has researched, structured, and executed some of the largest trades ever made, involving huge quantities of precious metals and bulk commodities. Hecht contributes to Traders Magazine and consults for CQG and other companies involved in trading, producing, and consuming commodities. He is a member of the Mercy College MBA program

executive network.
