John Caunt : How to Organize Yourself (Creating Success) before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Organize Yourself (Creating Success):

0 of 0 people found the following review helpful. GoodBy DarrenIngram_dot_com Here is a quite thin guide, packed full of useful and helpful advice to assist you in being a better-organized person. You just need to be organized enough to admit there may be a problem, buy the book and then read it. Once you start reading, knowledge and tips immediately flow, letting you examine your current situation and showing you ways of getting on top of everything. Becoming an organised super-being in the process. What will you do with the extra time and efficiencies that

this book will help you achieve? This is not a new book — it is a fifth revision — so you are getting the benefit of an updated, well-received book to guide you. Even “modern things” such as smart phones, the Internet and other technological aids are considered. Even if you claim to be so overworked that you “don’t have time to read a lengthy book fear not! The author has thought of that and each self-contained chapter gets directly to the point. If you have so little time, take a minute or two extra and take the book with you to the “littlest room in the house” (or office). The book doesn’t preach, patronise or fall back on faux hyperbole. You get a situation report and guidance for possible change. Nothing more, nothing less. Even the more-organised of us should have nothing to fear from this book; it only takes one little tip to improve matters further and you’ve boosted your efficiency and organisation. If you need it, this book can help you with a drastic renovation of your life. If you think it might just help with a slight spring clean or polish, it can equally spring to your aid. It gives what you ask it to do, in other words. Definitely worthy of consideration.

How to Organize Yourself will help you to dramatically improve the way you work. With great tips on how to determine your goals, prioritize your tasks and manage your time, it also includes practical advice on how to: focus on the things that produce results; overcome distractions; build positive work habits; avoid information overload and make effective use of technology. Now in its fifth edition, new content covers the latest software advances that can help you get organized, how to deal with the ubiquitous presence of smartphones and how to adapt to the ever increasing scope for interruption and procrastination in our 24/7 lives. How to Organize Yourself will enable you to take control of your workload, reduce stress and fatigue, and free up time for the things that really matter. The creating success series of books... With over one million copies sold, the hugely popular Creating Success series covers a wide variety of topics and is written by an expert team of internationally best-selling authors and business experts. This indispensable business skills collection is packed with new features, practical content and inspiring guidance for readers across all stages of their careers.

"Following the book's straightforward advice means less stress and fatigue, better productivity and job satisfaction, and more time for family, friends and leisure." (Reader review - business executive) John Caunt offers creative ideas for individuals who perennially can't find their notes and miss their deadlines, and provides some modest but workable solutions to chaos and clutter. We recommend this easy-to-read handbook to disorganized people who have always wondered how the other half does it." (Ralf Dobelli, getAbstract) "Ideal for a very broad spectrum of people... after reading it and taking on board the advice, you should really notice a difference in your organizational skills." (Reader review - accounting technician) About the Author John Caunt is a freelance writer, life coach and trainer. His previous experience includes fifteen years as a senior manager in further education
