Funds are an ideal solution for savers who want to invest in a variety of asset classes, such as equities and bonds, without having to commit the time and effort to becoming an expert themselves. Not only do funds give you the ability to access some of the brightest investment brains in the world, they also enable you to access a wider range of markets and stocks than you could achieve directly, and to do so more efficiently. However, with thousands of investment funds available available to investors, knowing how to select the right ones for your investment portfolio can be daunting. This candid eBook - written by a legendary investor in funds - solves this problem in a jargon-free, focused guide that is designed to take less than 30 minutes to read. By removing the mystery surrounding successful investment in funds, and revealing what you should really look for, it empowers any investor to pick those funds with the greatest potential.
