All the details about makeup you should know about (especially as a makeup artist) is explained and addressed in this great book, from doing the makeup techniques to doing the home-based business. One downside for this book I must say is that it is only in pink and black, and has no photos of any makeup work at all. The color wheel is not even in colors. Overall, it is an excellent source for information in makeup artistry. 0 of 0 people found the following review helpful. she seems pleased with it though By Julia just what I ordered, thanks! my sister borrowed it though before I got a chance to read it and I haven't seen it since. so I'm guessing it is working well, she's not a MUA but a chef. she seems pleased with it though, so my guess there is a fair amount of info that is good for most home-based businesses which is also awesome! 0 of 0 people found the

following review helpful. Five StarsBy Breann DeLisleVery nice read. Was just what I needed in starting a on site wedding make up artist business.

This book will guide and navigate the reader through all aspects of opening and running a successful home-based business as a makeup artist. Instead of focusing on just one aspect, makeup artistry or business, this book will walk them through the steps necessary to be a savvy businessperson and an artist qualified to service individuals with a special section about brides. Written for anyone who has the desire to control their destiny, dreams of being a makeup artist, or is just looking for a fun, second job, makeup artistry and beauty may be the answer.
