Tracy Carr : **How to Survive and Prosper After a Financial Misfortune: A Complete Guide to Your Legal Rights After Bankruptcy, Foreclosure, Repossession, and Eviction** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Survive and Prosper After a Financial Misfortune: A Complete Guide to Your Legal Rights After Bankruptcy, Foreclosure, Repossession, and Eviction:

1 of 1 people found the following review helpful. Not An Enlightening Book By Kari I am very disappointed with this book. It is NOT as informative and as helpful as it SHOULD be or COULD be. This is an over priced book with general information that is all over the Internet. I WOULD NOT recommend that you waste your money!!!!1 of 1 people found the following review helpful. Great Book. By D. Mims Great book to let you know what a financial misfortune can do to you. Also it lets you know about your legal rights and how to survive it. 0 of 0 people found the following review helpful. Priceless Advice in the Wake of the Great Recession By T.J. Holden Although the worst of what's come to be known as the Great Recession may be history, the effects of that devastating downturn linger. Many individuals and families are still struggling, and in one form or another the question "What do we do now?" is commonplace. And so a book bearing the title HOW TO SURVIVE AND PROSPER AFTER A FINANCIAL MISFORTUNE is timely indeed. Author Tracy A. Carr dedicates her book "to all of the individuals who have gone through the turmoil of financial misfortune and have struggled to find a way out," adding, "Rest assured, there is a way to turn your life around and get back on track." Imparting substance to that confident assertion, she identifies the most common types of financial misfortune, such as complications related to illness, job loss, divorce and unexpected death. Then, in manageable increments, she reveals the basics of bankruptcy. What is it? What are the types? Who can file? What is the "means test"? Do you need a lawyer? Answers to those and other questions demystify a legal recourse that millions of Americans are pursuing in the recession's turbulent wake. There's more. In clear, uncomplicated terms, the author explores foreclosure, repossession, eviction, credit reporting and rebuilding, and debt management. Armed with expanded knowledge of serious financial mishaps, readers will especially appreciate the book's sensible suggestions for moving beyond them. And some readers just might discover that Ms. Carr's "survive and prosper" strategies are nothing less than priceless.

Every year, it is estimated by the U.S. Census Bureau that more than 700,000 people file for bankruptcy. Another 1-2 million must deal with foreclosure, repossession, or eviction. These financial misfortunes can take a toll, but you do not have to let them ruin your life. How to Survive and Prosper After a Financial Misfortune will help you make the financial and personal decisions necessary to rebuild your life and come out on the other side. You will learn how to start rebuilding your credit immediately, how to shuck the social stigma associated with filing for bankruptcy, and what your rights are coming out of a repossession or eviction. You will learn the housing options available after you file for foreclosure and how to negotiate with the bank to make the process less damaging. You will learn the different ways you can overcome the black marks on your record, find a new home, and acquire hard-to-find financial assistance. This book also contains advice from experts in debt management and bankruptcy law to provide a comprehensive perspective of financial hardships. Dozens of interviews were conducted with experts in the field of debt management, bankruptcy law, and social work in the hopes of providing a comprehensive perspective of what millions of individuals have gone through before you and how they managed to survive the tumultuous aftermath of their financial hardships. With How to Survive and Prosper After a Financial Misfortune, you will not only learn how to survive your downturn in financial standing, but you will learn how to thrive and prosper in your new life. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida.
