So many times books like this fail to deliver the total package, but this one does. Murphy seamlessly blends a little bit of theory, a healthy dose of teaching and real world examples with actionable recommendations to be taken. I'll be rereading this and taking copious notes for how I will be implementing Murphy's hundred percenter principles in my organization.0 of 0 people found the following review helpful. THE NEW YORK TIMES BESTSELLER! The groundbreaking guide to inspiring 100% performance from employees--updated with expanded research findings In this new edition of his guide to unleashing employees' full potential, Mark Murphy explains why true employee motivation is not achieved by focusing on making your people "happy." The most effective leaders are the ones who respect their people enough to push them to deliver real results--to become Hundred Percenters. Basing its conclusions on a detailed study of more than 500,000 leaders and employees, *Hundred Percenters, Second Edition*, provides the tools and techniques--and the rationale behind them--to help you create an army of employees who don't just do their best;but who also deliver results. **PRAISE FOR THE FIRST EDITION OF HUNDRED PERCENTERS** "Provides the tools managers need to take 'average' employees and create a culture of accountable, fully engaged people. Managers will learn to recognize their leadership style and understand how they, too, can become Hundred Percenters." -- Laura Christiansen, Vice President Human Resources, VTech Communications, Inc. "Heavily researched and loaded with tools and examples, this book shows you how to challenge your employees to achieve the kind of extraordinary results and innovations that every CEO dreams about. Every leader needs to read this book!" -- Ned Fitch, CEO, Kalahari Tea "Murphy finds that most workplaces are brimming with untapped talent. Only it's suppressed by goal-setting that discourages big ideas and leaders who focus on happiness rather than greatness." -- Training magazine
