found out they really study literature, and write about the stories they've read, analyzing them in reports they hand in to their teachers. This book shows English majors that there are a variety of jobs available to them in the market, and talks in depth about these jobs and their expectations. If you are thinking about majoring in English, are an English major, or already earned your degree in English, I highly recommend this book. As a writer, I found it fascinating to learn more about the major, and hear the author's perspective on the different jobs he talked about, including teaching, journalism, and writing books. Review by Andrea Buginsky[...]5 of 6 people found the following review helpful. Fantastic book for the parents of English majors By J. Bitney Our daughter is an English major (Latin minor) at the U of MN in Minneapolis. She is not yet quite sure what she wishes to do with her degree when she gets it in three years, but after reading this book I am ready to help out with advice if needed (or asked). It uses a great blend of humor and insightful ideas to get the points across, yet is not flippant (which gets old after a while). Fun to read, very informative, and thorough. You will love this book! 0 of 0 people found the following review helpful. Kindle book By Jen Clark This was an instant success. I love kindle book and this one was no exception. I love that I can click and buy it and I am done. It was a book that I needed for class so I was able to get it right away and at a cheaper price. I would buy from the seller again.

Find a Job You Love With Your English Degree What do Steven Spielberg, Alan Alda, Barbara Walters, Clarence Thomas, Diane Sawyer, and Stephen King have in common? That's right#150they were English majors who now have successful careers. I'm an English Major - Now What? helps English majors and graduates understand their skills and talents so they can find satisfying jobs across a diversity of fields and dispels common fears and misconceptions that English majors will never make good money. In this book, you'll learn: How an English major background can be very marketable How an English major's skills can be applied to an array of jobs and careers (beyond teaching and writing) How an English major can develop valuable skills and experience through school and extracurricular activities You'll also find answers to common questions such as: Should I go to graduate school? Should I wait? How do I begin a freelancing career? Would I do well in a corporate setting? Authored by a former English major with professional experience across many areas, including corporate communications, journalism, publishing, teaching, and writing, this guide also features more than a dozen interviews with English majors who were able to translate their skills into satisfying careers.

About the Author Timothy Lemire has used his BA in English from Boston College to land many jobs, including editor for the Boston . He is currently a communications specialist for Fidelity Investments.
