to help them achieve their greatest potential. If one happensBy Steven CooperWish I'd read this in high school. A book of mentoring for those who don't have the types of mentors to help them achieve their greatest potential. If one happens to have Jack Welch or Warren Buffet, Zig Ziglar, Oz Guinness or Bill Gates as a mentor, then you probably don't need this book. If not, you probably should get it. I mean, seriously, a \$10 investment for hundreds of years of billion-dollar life coaching!2 of 2 people found the following review helpful. 1 of the best books on Corporate ManagementBy Brian F. The "Greatest Business Book of All Time" (Bloomsbury UK), *In Search of Excellence* has long been a must-have for the boardroom, business school, and bedside table. Based on a study of forty-three of America's best-run companies from a diverse array of business sectors, *In Search of Excellence* describes eight basic principles of management -- action-stimulating, people-oriented, profit-maximizing practices -- that made these organizations successful. Joining the HarperBusiness Essentials series, this phenomenal bestseller features a new Authors' Note, and reintroduces these vital principles in an accessible and practical way for today's management reader.
