From Routledge : Inherited Wealth, Justice and Equality (Routledge Frontiers of Political Economy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Inherited Wealth, Justice and Equality (Routledge Frontiers of Political Economy):

The core of the book consists of a selection of papers presented at an international workshop where researchers from a variety of fields and countries discussed the connections between inherited wealth, justice and equality. The volume is complemented by a few other papers commissioned by the editors. The contributions cover historical, political, philosophical, sociological and economic aspects.

About the Author Guido Errygers is Professor and Chair at the Department of Economics, University of Antwerp, Belgium. John Cunliffe is Associate Fellow at the Department of Politics and International Studies, (PAIS), University of Warwick, UK
