**Ilan Alon, Victoria Jones : Innovation in Business Education in Emerging Markets** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Innovation in Business Education in Emerging Markets:

Emerging market economies account for eighty percent of the world's population and some 75% of its trade growth in the foreseeable future, following US Department of Commerce data. This volume provides insights for

success in rapidly growing education markets that can be used by educators, administrators, policy makers and planners.
