Infinite Ideas : Instant career progress (Best Value Ever) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Instant career progress (Best Value Ever):

0 of 0 people found the following review helpful. Didn't workBy CustomerIf it did work I wouldn't be a stay at home dad! lol0 of 1 people found the following review helpful. Enjoyable light reading with a lot of practical advicesBy OleksandrNo book can solve your problems as it is your personal responsibility. This one can help you to take a different angle and find a solution. Well and lightly written with a good sense of humor as the series of advices. It looked like another careeristic guide in the beginning, which I bought on sale just to test Kindle. But it is much more deeper inside and is really useful. As usually there is nothing new in the world and author does a very good job of presenting ideas in the easy to read and understand manner.

If you've always wanted a collection of tried and tested ideas from leading jobs and career experts then this is the book

for you. Instant career progress is packed full of ideas to help you get the most out of your working life whether you are an ambitious first-jobber, senior manager or self employed. With tips on creating stunning CVs, shining in interviews, increasing your salary, getting yourself noticed by the boss (for all the right reasons) and balancing home and career this book can help you to make it all the way to the top. Instant career progress collects the best advice from our best selling titles, Cultivate a cool career and High impact CVs.
