P. Mourdoukoutas : Intelligent Investing in Irrational Markets (Palgrave Pivot) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Intelligent Investing in Irrational Markets (Palgrave Pivot):

0 of 0 people found the following review helpful. didn't make a single note writing style good, +1 star for By Customernothing exceptional inside, didn't make a single notewriting style good, +1 star for that

As a game of economics, investing involves the basic principles of economics that help investors identify financial

goals and constraints, and come up with the right asset and portfolio allocation. Mourdoukoutas outlines the rules for investing in irrational markets successfully.

About the Author Panos Mourdoukoutas is Professor and Chair of the Department of Economics at Long Island University in Brookville, NY.
