**Constantine Stephanou : International Debt: Economic, Financial, Monetary, Political and Regulatory Aspects (Palgrave Macmillan Studies in Banking and Financial Institutions)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised International Debt: Economic, Financial, Monetary, Political and

Regulatory Aspects (Palgrave Macmillan Studies in Banking and Financial Institutions):

Written by a group of international experts, this book focuses on three interdependent themes: (a) origins and consequences of the current debt crisis; (b) the systemic nature of the crisis; (c) national and international policy efforts to avoid a global collapse and bring about lasting reforms in the Euro zone and in the financial system.
