Got the Job Done By IrishFire This helped me look up and craft performance goals that pleased The Boss, so yay? It's a good reference guide, and there should be one in every office that subscribes to SMART goals and the like, but I wouldn't expect it to rejuvenate an office or actually improve performance, and I wouldn't suggest anyone read it cover-to-cover. It's really just a reference guide. If it's compatible with your office, I suspect it will take some of the stress out of each employee's performance-goal-crafting-process, as well as shave tens of minutes off of the time it takes them to do it. That was my experience, anyway. Enjoy! 0 of 0 people found the following review helpful. Five Stars By Maurice B. Stephens Excellent transaction.
