What an inspiring book. I grew up near Nancy and knew of her because of basketball. She turned out to be everything that she set her heart and mind on. I wish I knew her personally. I am passing this book onto my 23 year old who has been a college athlete and wants to coach. Nancy is a true leader and needs to be read by every woman athlete.

This book is a great influence for girls trying to get into the game of basketball. It is also great for men. Nancy is the first woman to be coach of a pro mens basketball team. She is unbelievable and the book is the same. Get it for all people into basketball but also get it if you are interested in a great read and you want to understand Nancy Lieberman and her tactics.
