Joseph Phillips : PMP Project Management Professional Study Guide, Fourth Edition (Certification Press)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised PMP Project Management Professional Study Guide, Fourth Edition (Certification Press):

3 of 3 people found the following review helpful. Very helpful, easy read for PMP prep. Includes CD for author videos and exams. By mgodsey This book was a life saver for taking the PMP, just took the PMP and passed all sections with Proficient rating. I could not get through the PMP official PMBOK, but was able to read this. It is very well written, with normal person language. It gives you hints for exams and for real life. The questions in the self-tests and the master exam are very similar to the PMP exam. 1 of 1 people found the following review helpful. Huge fan of the layout of this book as it ... By LTHuge fan of the layout of this book as it is aligned with the PMBOK. The videos are helpful and breakup the reading. Haven't taken the exam yet but I'm confident given how well I am absorbing the material and knocking out practice tests. 0 of 0 people found the following review helpful. I really like this book By

golfguyI really like this book, a great compliment to PMP courses. The questions at the end of each chapter are good for learning the concepts and the practice exam is good for preparing you for the level of difficulty of the PMI exam and the way the questions are written.
