About the Author Wordnik is a place for all the words, and everything known about them. Their goal is to show you as much information as possible, as fast as they can find it, for every word in English, and to give you a place where you can make your own opinions about words known. Traditional dictionaries make you wait until they've found what they consider to be "enough" information about a word before they will show it to you. Wordnik knows you don't want to wait. Before founding Wordnik, Erin McKean edited The New Oxford American Dictionary. She continues to serve as the editor of the language quarterly Verbatim and is the author of multiple books, including *That's Amore* and the entire *Weird and Wonderful Words* series. She maintains multiple blogs, including "A Dress a Day" and "Dictionary Evangelist." "Ms. McKean is part of the next wave of top lexicographers who have already or may soon take over guardianship of the nation's language, and who disprove Samuel Johnson's definition of a lexicographer as 'a harmless drudge.'" --The New York Times
