From Palgrave Macmillan : Poland and the Eurozone (Studies in Economic Transition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Poland and the Eurozone (Studies in Economic Transition):

Poland is one of Europe's economic out-performers. The country's history and geography encourage it to be in favour of deeper European integration. This book aims to contribute to discussions on the future shape of EMU and the next

steps ahead.
