C. Ccedil;akmak, M. Ustaoglu, Murat Ustao?lu : Post-Conflict Syrian State and Nation Building: Economic and Political Development before purchasing it in order to gage whether or not it would be worth my time, and all praised Post-Conflict Syrian State and Nation Building: Economic and Political Development:

Based on extensive field work involving the leading figures of the diverse Syrian National Coalition, an umbrella initiative of opposition groups fighting against the Assad regime, this study critically evaluates the challenges ahead as well as the inherent opportunities for the post-conflict era in Syria.

"A panoramic treatment of the difficulties that the future of Syria faces; unique in its solicitation of the opinions of some traditional opposition figures." - Mazen Hashem, Lecturer, California State University, Northridge, USA

"Ccedil;akmak and Ustao?lu give with this amazing effort another example of what free people can provide. As a Syrian who is involved in the issue [of post-conflict state- and nation-building], I think it important that this research is put under the spotlight while the conflict still going on." - George Sabra, President, Syrian National Council, Turkey
