Paul Mladjenovic : Precious Metals Investing For Dummiesreg; before purchasing it in order to gage whether or not it would be worth my time, and all praised Precious Metals Investing For Dummiesreg;:

1 of 1 people found the following review helpful. A lot of great information in this book about investing in and buying ...By Richard Genzlinger JrA lot of great information in this book about investing in and buying metals. Just wish it was more current. The information is from 2007.1 of 1 people found the following review helpful. This book is a college education on precious metals specifically and with quite a bit of information on just how our economy.By Iva BiggunHaving just begun looking into precious metals, I found that there is so much to know that I needed help. I've used the dummies books for many topics so I went there to get some answers. As far as investments go, I strongly suggest making this book your first investment. I feel much more confident now that I can invest with confidence of each more and, more importantly, why. Here's to the dummies!1 of 1 people found the following review helpful. Wealth of informationBy Philip A. WilcoxsonThe book is awesome. It helped me understand precious metals in a way I never thought possible. It was also very enjoyable to read. It held my interest the whole time and I came away with knowledge and information I will be able to use the rest of my life. I would recommend it to anyone wanting to learn

more about precious metals investing. :)

In recent years, metals have been among the safest and most lucrative investments around, but they are not entirely risk free.
