G. Michael Campbell : Project Management, Sixth Edition (Idiot's Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Project Management, Sixth Edition (Idiot's Guides):

3 of 3 people found the following review helpful. Surprisingly Good Book on Project ManagementBy CustomerI borrowed this book from the library, first. It was so good, I had to have my own copy. It is a good, but thorough overview of project management. I believe even a seasoned project manager can learn or refresh their knowledge of project management from this.0 of 0 people found the following review helpful. Well written. It was my textbook for class.By Daisy SantiagoWell written. It was my textbook for class.0 of 0 people found the following review helpful. Great insightBy StephGGreat insight and examples for communication as a PM.

Successful project management requires organization, skill, and a systematic approach to ensure that projects are delivered on time, and on budget. Idiot's Guides: Project Management, 6th Edition is updated to reflect all of the latest project management methodologies for anyone who is looking to avoid the chaos that can ensue if project leaders don't possess the necessary understanding of the right principles and practices. Readers of this new edition will benefit newly added sample PMP prep exam questions at the end of each chapter, as well as newly organized, updated content

that aligns with the knowledge areas as the PMI (Project Management Institute) defines them. The book covers the 5th Edition of the PMBOK (Project Management Body of Knowledge).

From the Author This book is a practical how-to book for project managers or other managers who have been given a project or initiative and are wondering how to start. Follow the steps from beginning to end and you will achieve success!
From the Back Cover Managing a project start to finish and bringing it in on time, on budget, and on target takes special knowledge and skills. This easy-to-follow guide shows you how to prepare for, stay in control of, and deliver a top-quality project.
About the Author G. Michael Campbell, PMP, is a recognised expert on project and change management, with over 30 years of experience as a project manager. He has successfully achieved his PMP designation from the PMI, and has been a project manager for various projects for both small and large companies. He has authored a number of books including *Communication Skills for Project Managers* (AMACOM) and *Bullet Proof Presentations (Executive Summaries)*. Michael has also spoken internationally to audiences and served as an adjunct professor on project management at the University of Houston and York University, Toronto.
