Omar Bassal : Swing Trading For Dummies before purchasing it in order to gage whether or not it would be worth my time, and all praised Swing Trading For Dummies:

3 of 3 people found the following review helpful. Simple and easy to understand for those who want clarity or who ...By joseph gourdine Simple and easy to understand for those who want clarity or who are seeking a solid foundation in swing trading. At the end of the book, when it says, options trading is not recommended, please heed this warning if you are inexperienced in trading. You will lose most of your money..1 of 1 people found the following review helpful. Good overview of a good strategy By J. Watson The book discusses a lot of techniques that can be very profitable with practice and discipline. Very good reading for all.5 of 5 people found the following review helpful. A good book for beginners By td Most stock trading books are mostly alike. This book is good for new stock traders as concepts are clear and easy to understand. Grammer and charts are appropriate. Book is easy paced. The key to any new stock trader is gaining market exposure exprience. This book should be read maybe 2-3 times initially. Book Concepts and markets get more clear as time goes by..usually two to three years.

Take advantage of price swings in strongly trending securities and pump up your portfolio! Want to know the strategies of successful swing trading? This friendly guide covers the ins and outs of this risky but profitable investing approach, explaining all the basics in plain English. You'll see how to use the two investment approaches - technical and fundamental analysis - to identify promising securities in strongly trending markets. In addition, this guide covers how to calculate investment returns and, most important, how to manage your portfolio's risk. Learn from a highly experienced trader, analyst, and portfolio manager - the author shares his insider knowledge. Understand often overlooked topics such as money management, journal keeping, and strategy planning - key areas that will largely determine your success. Focus on the fundamentals - often overlooked by swing traders, fundamental analysis can increase your chance of success. Determine your entry and exit points with technical analysis - read charts, apply indicators, and compare markets. Evaluate companies with fundamental analysis - grasp the basics of financial statements and the criteria to screen for undervalued or overvalued stocks. Develop and implement your trading plan - outline what you trade and how often, decide your risk tolerance, and calculate your performance. Open the book and find: The differences among swing trading, day trading, and buy-and-hold investing. The pros and cons of technical and fundamental analysis. A step-by-step anatomy of a trade. A wealth of charts and screenshots. Real-world examples of swing trading successes. The 10 deadly sins of swing trading - avoid at all costs! Sample trading plans. Useful resources for navigating data.
