I'll use these principles in ministry, in my profession, and everywhere! Once again, John Maxwell gives practical guidance, steps, and principles in plain language with vivid

examples that can be easily applied in any organization. I recommend this for anyone in leadership, anyone who aspires to leadership and for anyone that wants to be an effective team member. 6 of 6 people found the following review helpful. A leader in the making

This little book packs a huge punch when it comes to a novice like me who is a leader in the making. I just started my own financial services company a few months ago and at first I was doing well by myself then my friends saw the value of the business and wanted in. Now I have a team of 7 and they are all great people but have different personalities and needs. I needed help and direction so I saw this book and decided to buy it. And I'm glad I did it has helped me understand teamwork and what it takes for us to work together as a team. I just purchased six more books to give out to the team. Great little book!
