Peter Sander, John Slatter : The 100 Best Stocks You Can Buy 2010 before purchasing it in order to gage whether or not it would be worth my time, and all praised The 100 Best Stocks You Can Buy 2010:

1 of 1 people found the following review helpful. A Handy Tool.By Gene OnwellerMuch like William O'Neil at Ivestors Business Daily, Slatter does MOST of the homework for you. The name of the book doesn't imply that you blindly buy any stock in the book that you wish. It does, however give you a handy tool that you can use to add to your watch lists.Pair some of these stocks in the right market atmosphere with some of your best technical entries, and you got yourself a pretty powerful trading plan.I've been buying the book every year since 2006.0 of 0 people found the following review helpful. Five StarsBy AlentejoMuy interesante.

“Never invest in a company you don’t understand.” - Warren Buffett
With Wall Street in shambles, investors need all the help they can get. There’s money to be made, but how? In this classic bestselling guide, Peter Sander and John Slatter offer informed, detailed advice about which stocks to buy in a time of financial chaos—and why. The 2010 edition of this classic guide features a new introduction discussing the current recession and how investors should cope with it as well as new stock picks and an updated listing of all recommended stocks by growth potential. Regardless of the economic climate, this guide remains the go-to guide for investors who want their money to work for them.

About the Author Peter Sander is an author, researcher, and consultant in the fields of business, location reference, and personal finance. He has written more than forty books, including *Value Investing for Dummies*, *Personal Finance for Entrepreneurs*, and *101 Things Everyone Should Know About Economics*. The author of numerous articles dealing with investment strategies, he is also the coauthor of the top-selling *The 100 Best Stocks You Can Buy* series.
