**Daniel H. Pink : The Adventures of Johnny Bunko: The Last Career Guide You'll Ever Need** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Adventures of Johnny Bunko: The Last Career Guide You'll Ever Need:

0 of 0 people found the following review helpful. Fun comic strip type book to help you with your career. Highly recommendBy smlchngMy son was asked to get this for an awareness type class at his school and this was a required

reading by his teacher. My son said he really liked the book and thought it was fun how they took this topic and made it into a comic strip (Manga style...which is the Japanese style of comic strips) type reading. It was about a 6 different tips to help people become successful in careers and job ethics. He found it very entertaining and yet informative. If your kids like shows like anime type shows on tv or movies, then they would probably really enjoy reading this book and in the process will help them in the future as they start thinking and finding careers and give them a leg up over their competitors out there in the work force, My son really enjoyed this book and said he would recommend it to others who may be needing help in their careers and want to be more successful. 0 of 0 people found the following review helpful. The book is to the point and really enjoyable; once you start reading, you don't feel letting go so easily. By Almothana The book delivers a great career advice in a beautiful "manga" style. You follow the main character, Johnny Bunko, through a wonderful adventure while discovering new journeys in his life and career. The book is to the point and really enjoyable; once you start reading, you don't feel the argue of letting go until suddenly you realized that you have already finished the adventure. Two points that letting me hesitate on giving it a 5 star rating: (1)- The part when Johnny starts discovering himself is really short; I mean the book is not a long one to begin with, but I feel that that part did not gave a good view on how Johnny discovered his strengths the things he mostly enjoys doing? How did Diana -a character in the story who helps Johnny through his journey- knew the type of career suitable for his strengths? While reading, I keep asking these questions; because when I bought the book I thought a part of it will be answered alongside the story. (2)- The second thing is, although the book is based on a story, real-life scenario is a totally different case and things don't end up coming as easily as it do in the book. Sometimes things take time, and probably a lot of time, a lot of mistakes might be made along the way and a lot of critical events might be there in the way of your path; those events mistakes might become a critical factor in your life and career. Sometimes you miserably fail or feel stuck with no way to go. It is not easy and it might not be for a long time; but whenever that happens, you have to keep your spirit, keep trying and don't ever give up! 0 of 0 people found the following review helpful. Fun to read and it does have a number of ... By Princess Amelica Fun to read and it does have a number of tips that I didn't necessarily think of myself. It really helps you understand and refocus if you're currently stuck in a job you don't like or if you're thinking about which career fits you. I recommend this book for teachers to help their kids figure out what they want to do and let them see that they hold the power over how their lives are going to be

Look out for Daniel Pink's new book, *When: The Scientific Secrets of Perfect Timing* From Daniel H. Pink, the #1 bestselling author of *Drive* and *To Sell Is Human*, comes an illustrated guide to landing your first job in *The Adventures of Johnny Bunko: The Last Career Guide You'll Ever Need*. There's never been a career guide like *The Adventures of Johnny Bunko* by Daniel H. Pink (author of *To Sell Is Human: The Surprising Truth About Motivating Others*). Told in manga—the Japanese comic book format—it's an international sensation—it's the fully illustrated story of a young Everyman just out of college who lands his first job. Johnny Bunko is new to the Boggs Corp., and he stumbles through his early months as a working stiff until a crisis prompts him to rethink his approach. Step by step he builds a career, illustrating as he does the six core lessons of finding, keeping, and flourishing in satisfying work. A groundbreaking guide to surviving and flourishing in any career, *The Adventures of Johnny Bunko* is smart, engaging and insightful, and offers practical advice for anyone looking for a life of rewarding work.

"Any career consultant—or high school guidance counselor—who doesn't immediately order copies of this book in bulk is missing the boat—big-time." —*The Miami Herald* "Outrageous, delightful." —*The Wall Street Journal* "Zen-like . . . Witty." —*Time* "Hard-hitting and informative." —*Forbes* About the Author Daniel H. Pink is the author of five books, including *To Sell Is Human* and the long-running New York Times bestsellers *A Whole New Mind* and *Drive*. His books have been translated into thirty-three languages and have sold more than a million copies in the United States alone. Pink lives with his family in Washington, D.C.
