If your investment counselor uses "bubble" in every other sentence, AFTERSHOCK is a good read. True, a lot of these are being sold by current events but he's been out-in-front of the trends.4 of 4 people found the

It is a must read for those who want to B a head of the curve0 of 0 people found the following review helpful. Against the herd...By Anthony DeesThe authors made their case. I now have a better understanding of why interest rates and the markets have moved the way they have despite the economy and unemployment. The book has given me a bigger picture that I think will allow me to better plan for the road ahead. I thought well enough of it that I bought copies for family.

From the authors who accurately predicted the domino fall of the conjoined real estate, stock, and private debt bubbles that led to the financial crisis of 2008, comes the definitive guide to protection and profit in 2013 and beyond. Based on the authors' unmatched track record of accurate predictions in their three landmark books, *America's Bubble Economy*, *Aftershock*, and *Aftershock Second Edition*, this new book offers what readers have been clamouring for: a detailed guide to how to survive and thrive in the next global money meltdown. Entirely updated with three new chapters, plus more actionable insights and detailed advice, *The Aftershock Investor* second edition spells out clearly and concisely exactly what smart investors need to know right now, before the worldwide *Aftershock* hits. Specifically, readers will discover that...; This so-called economic "recovery" is 100% fake (see new Chapter 1) And is working to temporarily support our multibubble economy (Chapter 2) Based on massive money printing that will only make our problem even worse later (Chapter 3) When mounting future inflation and climbing interest rates will inevitably push us over the Market Cliff (new Chapter 4) Going over the Market Cliff will surprise most conventional investors (Chapter 5), Crash the stock market (Chapter 6) Diminish bonds (Chapter 7) Depress real estate (Chapter 8) Threaten insurance and annuities (Chapter 9) And make gold and other precious metals soar (Chapter 10) If you can keep your job or business before and during the *Aftershock* (Chapter 11) And be smart about spending, savings, and debt (new Chapter 12) You can learn now how to best protect your retirement (Chapter 13) And most importantly, how to defend yourself and your assets with an innovative, actively managed *Aftershock* investment portfolio (Chapter 14)...; Before it's too late.

From the Inside FlapThe real estate, stock, and private debt bubbles have already burst, and there is more trouble on the horizon. That's the hard truth that David Wiedemer, Robert Wiedemer, and Cindy Spitzer...;the authors who accurately predicted the financial crisis of 2008...;revealed in their books *America's Bubble Economy* in 2006, *Aftershock* in 2009, and the bestseller *Aftershock, Second Edition* in 2011. In *The Aftershock Investor*, they offered information and investing advice on what the future holds and what you need to do to survive...;and even thrive...;in today's continuing economic storm. This newly revised *Second Edition* of *The Aftershock Investor* offers a more detailed, more proactive investing philosophy that shows you how to actively manage your investment portfolio based on a macroeconomic view of the current and future economy. It's filled with practical knowledge you need to keep your money safe. From what to do with your home to what to do with your cash, this invaluable book is packed with smart investment insights that you can put into practice right away. Taking an in-depth look at the current and future global economic climate, the book covers such key issues as what's next for stocks, bonds, currencies, commodities, and other assets, and why continuing actions by the U.S. Federal Reserve will eventually damage the dollar, the economy, and much more. Packed with detailed investment advice on real estate, retirement, annuities, life insurance, and buying gold and silver before, during, and after the economic crisis, *The Aftershock Investor, Second Edition* is full of prescient insights about what you can do to protect...;and grow...;your money as the next round of global asset bubbles burst. Those who heeded the authors' earlier warnings were able to successfully ride out the financial crisis of 2008 and even cash in during the years that followed. Now, this new edition of *The Aftershock Investor* gives you a second chance for protection and profit from what is yet to come.From the Back CoverDO YOU HAVE WHAT IT TAKES TO STAY AFLOAT IN A SINKING ECONOMY? The old ways of investing are over. Completely over. Not only are we facing a falling multibubble economy due to decades of declining U.S. productivity growth, we now have a falling world bubble economy, too. The conventional wisdom investing that worked so well in the past is becoming increasingly ineffective. Worse, clinging to the old ways will send your hard-earn assets to "money heaven" faster than in the global financial crisis of 2008...;only this time we won't have a quick rebound. From the authors who accurately predicted the domino fall of the conjoined real estate, stock, and private debt bubbles that led to the financial crisis of 2008, comes the definitive guide to protection and profit in 2014 and beyond in the next global money meltdown. Based on the proven predictions of the New York Times bestseller *Aftershock*, every chapter of this fully revised second edition of *The Aftershock Investor* has been extensively updated with even more actionable insights and detailed advice about what smart investors need to know right now, before the worldwide *Aftershock* hits. Here you can: Discover why this "recovery" is 100 percent fake Protect your investment portfolio and other assets in the coming multibubble pop Make wise real estate decisions that fit your particular situation Limit your exposure to the coming market cliff, especially in retirement Learn how to buy gold, even with limited finances Take full advantage of new investment opportunities in the *aftershock* ahead Now is the time to discover this entirely new approach to investing...;before it's too late.About the AuthorDavid Wiedemer, PhD, is a world leader in
