Swami Kriyananda : The Art of Supportive Leadership: A Practical Guide for People in Positions of Responsibility before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of Supportive Leadership: A Practical Guide for People in Positions of Responsibility:

2 of 2 people found the following review helpful. Great Little Book! By Edward J. Barton This is a great little book. Walters' leadership style and approach closely mirrors my own. While the book is very short and compact, the lessons and principles are vast and timeless. There are quotable passages throughout the writing, and while the approach is simple, it is far from simplistic. Walters breaks up leadership into what it is and what it is not. For example, he notes

that leadership is not an ego game, but it is responsibility, self sacrifice, service, loyalty, intuition, flexible, action oriented, supportive and mentoring. Each of these topics is discussed in a separate chapter, with each chapter neatly summarized in a series of rules to live by. The other emphasis made by Walters is that leadership is an art, not a science - and perfection is a direction not an attainment. These concepts emphasize continuous improvement, but understanding - a trait that many leaders need to develop. A great little book that belongs in any library. 2 of 2 people found the following review helpful. Art of Supportive Leadership By E. Rotondo I purchased one for myself and one for a friend, we both direct Family Medicine clinics with several staff members each. The book is encouraging and helps build the moral of the office. It gives ideas for problem solving and ways to improve the flow of the office. 1 of 1 people found the following review helpful. discovery By Sharon Anderson tips that are truly life changing and wonderfully uplifting to discover.

A Proven Approach to Successful Leadership Do you want to improve your leadership skills and learn how to bring out the best in your employees, co-workers, or students? Then The Art of Supportive Leadership can help you! Large and small companies of every kind - from well-established industrial corporations to sparkling new tech firms - are using this proven approach to leadership with great success. It has become equally indispensable to the non-profit organizations, schools, and military personnel who also use it. The Art of Supportive Leadership is defining the new cutting edge of leadership training. Drawn from the author's many years of successful leadership in numerous contexts, the book gives you clear and practical techniques that quickly produce results - even if you're new to leadership, and even if you can only devote limited time to improving your skills. Each chapter ends with short, concise summaries that serve as quick reference guides when you need them.
