From Oxford University Press : The Bank of Israel: Volume 2: Selected Topics in Israel's Monetary Policy before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Bank of Israel: Volume 2: Selected Topics in Israel's Monetary Policy:

Volume II provides an in-depth analysis of important specific issues, detailed discussion of the independence of the

Bank of Israel, and an econometric study of the central banks policies. This volume also includes a historical account of the liberalization of Israel's foreign-exchange market and various issues related to the banking system, such as concentration, competition, and especially banking supervision. In one of the articles in this volume, based on a series of interviews, the top officials of the Bank of Israel present their view on the Banks policies in the various periods.

About the Author Nissan Liviatan is in the Research Department at the Bank of Israel. Haim Barkai is Sapir Professor Emeritus of Economics at the Hebrew University of Jerusalem.
