Tianyong Zhou : The China Dream and the China Path (Series on Chinese Economics Research) before purchasing it in order to gage whether or not it would be worth my time, and all praised The China Dream and the China Path (Series on Chinese Economics Research):

Since its reform and opening up, China has experienced unprecedented social and economic development. It is

important to understand the biggest and fastest growing economy's policy and strategy. As a key director in Party School of the Central Committee of the Communist Party of China, the author proposes a development path and reform strategies for China in the next three decades. This book suggests reform strategies not only for the economic structure but also for the political system in China. The author makes a sound analysis and exposition of "Chinese dream", which reflects the vision of a better life in the future and the main indicators of social change. The book investigates China's development path, political system, economic structure, people's livelihood etc and suggests long-term strategies for China in this regard.
