It helps build character and makes sure you have all the character traits to run a successful business, be a good friend, and leader. How important it is to stay committed. It also reminds you to be a good steward of your money.1 of 1 people found the following review helpful. I love this!By Cori BrucknerI bought this book on a recommendation of a friend and I love it. This book makes you want to take action in your life, to make anything happen, but it also stresses the importance of creating extraordinary relationships with yourself and

those around you, and contributing what you can to help others succeed. Step by step, day by day and week by week we can incorporate the ten most important codes: commitment, personal responsibility, contribution, focus, honesty, honor, trust, abundance, boldness and knowledge. 0 of 0 people found the following review helpful. Become an extraordinary results-producing champion for humanity and yourself! In life there are two types of people. The first are those who are nice, good-hearted, and compassionate but can't make much happen. The other kind can make everything happen—they're the creators, the go-getters, and the aggressive producers in society; however, they're often self-centered, greedy, and unethical. Wouldn't it be great if you could make things happen in a really big way but not lose your integrity? The Compassionate Samurai will show you the way to produce extraordinary results in a dog-eat-dog world and still maintain the highest levels of ethics.
